## EASTERN MARKETS YESTERDAY

(L. J. Overlock)

BOSTON, August 20.—All interests in the stock market centered in the metal stocks today. Amalgamated and Smelter were steadily accumulated, the advance was consistent and there was hardly any reaction. Selling in all sized lots was readily absorbed and the close showed net advance for day of 2-1-4 in Amalgamated. Volume of buying shows clearly that it could have been only for speculation and it certainly looks as if the stock were on its way to 100. The present earnings amply justifies such a price and there is every indication of further advance in the metal. Local coppers were slow to sympathize with the movement but confidence gradually increased all day and just at the close the buying of local stocks was the best seen for a long time. The general average of the local coppers is four to five points lower than it was earlier in the year when copper was selling at 15 cents.

Calumet Oil in good demand at 45 cents with moderate offers at 50. News from Baltimore Oil is very favorable with new buying orders in the market.

Total sales New York \$47,300. Copper metal 17 3-4.

## The Henna-Plant.

Everywhere in lower Egypt the henna bush grows. It attains a height of seven feet and bears a multitude of spiny tufts. The virtues of henna are chanted by all mouths and its tawny tinge is seen around the eyes, in the nostrils, and on the hair of eastern women. The henna paste is made by rolling the dried leaves and sticks in a liquid drawn from another shrub—Harper's Weekly.

## Quite Too Much for Used Words.

The value of advertising was pointed out to a man with a building business, and he agreed to give a written \$20 for a full page. The copy was submitted and the merchant looked it over coldly. "Fifty dollars is too much," he commented. "You've used a lot of words I've seen before."
